Simplicity is always on trend

Extra Credit Projects creates new cold brew packaging Gordon Food Service

GRAND RAPIDS, Mich, December 5, 2017– Extra Credit Projects (ECP) recently created a hot look for a cool new product for Gordon Food Service (GFS) brand Mosaic International Coffee Collection.

Now available, the 10oz bottles of cold brew are a twist on classic iced coffee and comes in four distinct flavors: original, vanilla, mocha and strong. ECP collaborated with the GFS marketing team to create the packaging design and logomark for the product.
